## COVENANT CHURCH

**06.10.2010**

When I was 14, I began experimenting in ways to mess up my life. Then I found a youth group. Or better yet, God found me and used a youth group, a youth pastor and his wife and some volunteer adults to find me. My three goals in life were fun, food & cute girls. The youth group offered all three. I signed up. Little did I know my Lord and Savior would capture me by His love, provide me with an extended family and set me on a course of knowing Him and serving Him I continue on to this day.

When you hear of Redwood Covenant Church's "Big Time" event (starting this Monday June 14 thru Friday, June 18, from 6 to 9 each evening), to reach a ton of middle school students, there's another Doug Webster story out there. There's another Webster family with a single parent trying to make the world happen for three boys. There's another moment for a teenager to make good & wise decisions instead of bad & foolish decisions that they will carry with them for the rest of their days. There's another lost person looking for hope, love and a reason to live a life of value. There's a kid looking for something fun to do having no idea they are about to find a faith to guide them for all their days.

Pray God draws the students He wants to impact for a lifetime.

Think of a family with a 6<sup>th</sup> – 8<sup>th</sup> grade student and invite them to the event.

Pray with us this Sunday, 5:30 PM as prayer partners walk the campus and pray for Big Time ministry through our dedicated youth staff and volunteers.

Pray with us for the next few weeks starting this Sunday, 5:30 PM @ the church campus to seek the Lord for His guidance on the Pastor Search Team's continued interviews with candidates. This is an extremely significant decision time in the life of our church to shape the years to come.

Come over on Sunday mornings for worship, kids & student ministries to be a part of a body of believers "Going Glocal" – on an adventure with a global vision and local action.

And if that's not enough...there's no excuse to be bored this summer. If you have kids and would like to meet other families and make new friends please check out the following website: <http://sites.google.com/site/redwoodcove/>

We've got something planned every week throughout the summer. So there's really no excuse for boredom. Grab your kids and head out into our Sonoma County wonderland.

As they say, Go Big or stay home. At Redwood Covenant Church, we're going Big Time and we're not keeping it local, we're Going Glocal.

Grace and peace,

Pastor Doug
